THE FORD MUSTANG

Our most advanced Mustang yet hits the pavement
running with a line-up of hard-charging machines.

Fastback. Convertible. EcoBoost. GT. Get gone.

Leave it all in the rear view mirror.

CONNECTED.

Digital LCD instrument cluster

Mustang's new all-digital cluster lets you customise exactly what you want to see while you're on the road. Choose from five modes – Normal, Sport, Drag, Track and Wet/Snow – to personalise the information that's displayed, right down to the colour of your gauges. (Standard)

Track Apps

Displays fun and useful real-time performance information on the in-dash LCD screen to help you get the most from your new Mustang. (Standard)

Ford SYNC®3

Ford SYNC®3 is designed to integrate seamlessly with your compatible smartphone¹, letting you control everything from calls and text messaging to music and satellite navigation – all via the 8" touchscreen, the simplest voice commands or via AppLink, Apple CarPlay and Android Auto.

Mustang MyMode

Allows you to save your favourite drive settings, including suspension and steering preferences.

AGILE.

Mustang has always been a unique sports car, and now the experience soars to a new high. The specially developed chassis with fully-independent suspension is designed to make this the most agile Mustang ever. Lateral stiffness has been increased at the rear and, along with new shock absorbers and stabiliser bars, has further enhanced its handling. Including **Rear Limited Slip Differential** and **Selectable Driving Modes** – Normal, Sport, Track, Drag and Wet/Snow (Standard).

ATHLETIC.

New Mustang lets you adapt your car's dynamic performance to suit your driving style. **MagneRide® Adaptive Suspension.** For the ultimate driving experience, the new Mustang is now available with MagneRide® adaptive suspension. The system monitors and adjusts itself thousands of times per second to deliver exceptional levels of stability, comfort and control. Five settings are available – Normal, Sport, Track, Drag and Wet/Snow – so you can tailor the handling to suit the road conditions and the style of driving. (Option)

CONFIDENT.

Now you can feel more confident than ever behind the wheel of the new Mustang. In addition to its powerful braking system – with six-piston Brembo front calipers on GT models – Mustang benefits from an expanded suite of safety and driver-assistance features. Including **Pre-Collision Assist, Adaptive Cruise Control, Lane-Keeping System and Driver Alert Monitor** (Standard)

VOCAL.

Active valve performance exhaust

Mustang is so customisable that even its engine note can be adjusted. An all-new active exhaust is available on Mustang GT, allowing you to change the tone and volume of your exhaust system at the push of a button. (Standard, GT only)

¹Images shown are of overseas models and actual specifications may differ. ¹Ford Mustang was the top-selling sports coupé worldwide in 2016, according to IHS Market new vehicle registration data. ²Prestige paint is an option that incurs an additional charge. ³Need for Green colour has over the top ebony strips fitted standard and incurs an additional charge.

UNLEASHED - MORE POWER, MORE TORQUE, MORE MUSTANG

The world's best-selling sports coupé¹ is getting even better. With a new sleeker design, more advanced technology and greater performance, the new Ford Mustang is more than just a sports car. It's the heart and soul of Ford.

From every angle, the new Mustang makes a powerful impression. At the front, you'll find a wider, more aggressive mesh grille and a re-profiled bumper. New air extractor bonnet vents not only turn heads, but ensure the engine remains cool and unruffled, even in the most demanding conditions. And no-one should fail to notice its eye-catching new LED headlights with instantly recognisable signature lighting.

1. These results are obtained from controlled laboratory tests conducted by Ford Motor Company to Australia Design Rule ADR81/02 and are provided to assist you in comparing the fuel economy of Mustang with other like vehicles. The actual fuel consumption you will achieve will depend; however, on many factors including your driving habits, the prevailing conditions and your vehicles equipment, condition and use. 2. Rear outboard seats only. 3. Driver assistance features are supplemental and do not replace drivers judgement. 4. 2.3L EcoBoost™ performance data measured using 95 RON fuel and GT V8 performance data measured using 98 RON fuel. 5. When in use, do not exceed 80km/h and ensure that a new wheel and tyre are fitted as soon as possible. 6. Bluetooth® is a registered trademark of Bluetooth SIG Inc., and is used under licence. Customers should consult their Ford Dealer on the ability of their mobile phone handset to integrate with the Bluetooth® system prior to making a purchase decision.

*Warranty conditions and exclusions apply. 5 year/unlimited km Ford Express New Vehicles Warranty applies to new vehicles (except the Ranger and Transit models) delivered from 1 July 2018. 5 year/unlimited km Ford Express New Vehicles Warranty applies to demonstrator, dealership and service loaner vehicles (except the Ranger and Transit models) first registered by an Authorised Ford Dealer from 1 July 2018. Warranty period commences on the date of delivery except where the vehicle is a dealership, demonstration or service loaner vehicle, in which case it commences on the date on which it was first registered by an Authorised Ford Dealer. Tyres and tyre tubes are excluded. Shock absorbers and batteries are subject to shorter warranty periods. Visit www.ford.co.nz/owners/warranty for further information.

Finance and Lease Options
Fully maintained or non-maintained operating leases remove the worry of depreciation, inflation and do not tie up your capital in an asset. Other forms of financing are also available, including flexible deposits and repayment terms. See your Ford Dealer.
